

# Nothing Lasts Forever

## Natalia Kills

You got a face like a doll  
Will it last forever, no  
I just want you beautiful  
You don't need to think about it  
Tell me things I wanna hear  
Take the truth I'll take the dare  
Feed me lies and eat my fear  
Cut the chase and get right to it

We might never meet again (this might be the last time)  
Kiss me like the world will end (press your lips right up my spine)  
Pull that shirt off I'll pull the shade (dirty secrets, dirty lies)  
You can be my last regret  
My last regret

Your beautiful, don't know your name  
It's all the same  
Nothing last forever babe  
You take it off  
I throw it all away  
I gave it to you first  
Nothing lasts forever babe  
(Cash, cars, girls, boys)  
Nothing lasts forever babe  
(Hot nights, bright lights)  
Nothing lasts forever babe  
(True love, first touch)  
Nothing lasts forever  
Nothing lasts forever  
Nothing lasts forever babe

You taste like i like it (raw)  
Acid mixed with alcohol  
Step me up to take the fall  
Nothing I can do about it  
Hey don't take it personal  
Worth the pain I'm versatile  
Quick before they milk it all

No one gives a fuck about it

We might never meet again  
(this might be the last time)  
kiss me like the world will end  
(press your lips right up my spine)  
pull that shirt off  
full of shit  
(dirty secrets, dirty lies)  
you can be my last regret  
my last regret

You're beautiful, don't know your name

It's all the same  
Nothing last forever babe  
You take it off  
I throw it all away  
I gave it to you first  
Nothing lasts forever babe  
(Cash, cars, girls, boys)  
Nothing lasts forever babe  
(Hot nights, bright lights)  
Nothing lasts forever babe  
(True love, first touch)  
Nothing lasts forever  
Nothing lasts forever  
Nothing lasts forever babe

You're beautiful (cash), don't know your name (whores)

Nothing lasts for (bright lights) babe  
You take it off (love)  
Throw it all away (first touch)  
But nothing lasts forever babe  
No, nothing lasts forever baby  
Nothing lasts for ever baby  
Nothing lasts forever  
Nothing lasts forever  
Nothing lasts forever babe  
(Cash, cars, girls, boys)  
Nothing lasts forever babe  
(Hot nights, bright lights)  
Nothing lasts forever babe  
(True love, first touch)  
Nothing lasts forever  
Nothing lasts forever

Nothing lasts forever babe
