

Lindsay Quit Lollygagging (Acoustic)

Chiodos

I bite my tongue, another perfect time
I'd do anything to make her happy
Even if it means my being miserable
As long as she's loving life I will be able to sleep at night
With a smile upon her face
I will be able to sleep at night
With a smile upon her face The thought of her smile and not being there
My inner feelings would be shattered
A piece of glass punctured in my heart
I'm bleeding from the inside I will be able to sleep at night
With a smile upon her face
I will be able to sleep at night
With a smile upon her face As long as she's perfectly fine
As long as she's perfectly fine
And someday she will be mine I will be able to sleep at night
With a smile upon her face
As long as she's perfectly fine
I hope she's perfectly fine
And someday she will be mine
