

# Horseshoe Bend

[Tanya Tucker](#)

It's been a Saturday everyday and a whole month of Sundays  
And I get sadder every day he's gone  
Horseshoe Bend old friend that's been so long since we saw him  
When he laid me down upon your banks and made this girl a woman  
As the Virgin Mother sang us a song  
Horseshoe Bend he's just like you old river he'll keep rolling  
And I'll keep praying someday he'll come home  
It's been a Saturday everyday...

Here comes Frank again old friend and there ain't no sign of him  
But just because I can't see him don't mean I forgot him  
And I'll keep praying someday he'll come home  
It's been a Saturday everyday...  
[ guitar - steel ]Horseshoe Bend old friend that's been...  
It's been a Saturday everyday...
