Uneligible

Fantasia

If he cute then he got bad credit if got good credit then the sex is so, so
Hot sex but he's stayin' wit his mom
He in between jobs and he ain't got no dough
If his dough right then it's so tight, way too nice, where can a girl get a thug
With Puffy money, street cred, good lookin', great in bedHow come them guys we like so much can't come through for us
How come them guys we like so much can't be serious
He's lookin' good as can be or, he's switching harder than me or
All females know that man's uneligible
How come when the type of guys that I like that they come into my life
They never stay I let 'em go they so uneligible, uneligible, uneligibleGot a ex-girl but he still cool wit her
If they ain't cool then they got kids and they shacked up
Wanna play house so he can't stay
If we go out then he's real cheat gotta go dutch
Not the ex girl but the best friend is a female, but you know good and well
Hell yeah, she want a good man, home training, common senseHow come them guys we like so much can't come through for us
How come them guys we like so much can't be serious
He's lookin' good as can be or, he's switching harder than me or
All females know that man's uneligible
How come when the type of guys that I like that they come into my life
They never stay I let 'em go they so uneligible, uneligible, uneligibleI heard 'em say, I can do betta
They said he'll never change, I said whatever
I opened up my heart, now I know betta
Let me catch him slippin', before I fall
Won't miss him, not at allHe's lookin' good as can be or, he's switching harder than me or
All females know that man's uneligible
How come when the type of guys that I like that they come into my life
They never stay I let 'em go they so uneligible, uneligible, uneligible
