Can You Burn

11th Hour

CAN YOU BURN

VERSE 1
Godâ€™s looking for a few good men
Who are saved and sanctified, never falter, never fail to heed his call
Men who will keep on serving Him, Keep on the firing line,
Who can take the heat, Keep standing through it all

CHORUS
Can you burn with the zeal that you had back then
When God first saved your soul?
Win the lost at any cost and help them learn,
Like the bush God spoke to Moses from, At the point of no return,
Can you burn? Christian, can you burn?

VERSE 2
Thereâ€™s gonna come a time one day, When you have to take a stand
Donâ€™t stay in the comfort zone with the unconcerned.
Like gold refined and purified, through the fire by Godâ€™s own hand
Can you burn? Christian, can you burn?

CHORUS

BRIDGE
Things are gonna get real tough down here,
â€˜Til the Lord says itâ€™s enough down hereâ€¦
Keep the faith, standing â€˜til the Lordâ€™s return
When the heat of the battleâ€™s raging high
When the persecution comes
Can you burn? Christian, can you burn?

CHORUS

ENDING
Like the bush God spoke to Moses from
At the point of no return
Can you burn? Can you burn? Can you burn?
Christian, Can you burn?
