

War Crime

Captain SKA

There's been a war crime, war crime
There's been a war crime
There's been a war crime, war crime
There's been a war crime There's been a war crime, war crime
There's been a war crime
There's been a war crime, war crime
There's been a war crime Tell Fibs And Lies the public buys
De next stage we'll make war planes fly
Let's drop dombs we'll make some cry
Make de world think Saddam must die We'll send white and black to Iraq
Some will live some won't come back
They'll ask no questions that's a fact
Cos we made wars based on bare crap
They got oil dig up the soil
Peace and harmony we're gonna spoil
Terrorise kids and cause turmoil
This is how we must embroil We make rules without restriction
They'll make films and call it fiction
We'll pass laws no contradictions
They'll oppose and we'll convict them There's been a war crime, war crime
There's been a war crime
There's been a war crime, war crime
There's been a war crime There's been a war crime, war crime
There's been a war crime
There's been a war crime, war crime
There's been a war crime
There's been a war crime
Bare negativity plus times plus
Usually ends up with minus
There's no justice there's just us
Ashes to ashes dust to dust How many nations march and fuss
While leaders sip wine and discuss
Government rules met with disgust
Because all war are so unjust He said he's following orders
Crossing borders outta order
warships bombers and land rovers
Troops and snipers drunk and sober War crimes rape and land mines
Who went AWOL court marshalled fined
Families divided lies provided
Civilian towns where bombs collided There's been a war crime, war crime

There's been a war crime
There's been a war crime, war crime
There's been a war crimeThere's been a war crime, war crime
There's been a war crime
There's been a war crime, war crime
There's been a war crime
