

Unity (Matisse Sadko Radio Edit)

Shinedown

I found a note with your name
And a picture of us
Even though it was framed
And covered in dust
It's the map in my mind that sends me on my way
They say it's never too late
To stop being afraid
And there is no one else here
So why should I wait?
And in the blink of an eye the past begins to fade
So have you ever been caught in a sea of despair?
And your moment of truth
Is the day that you say "I'm not scared"
Put your hands in the air
If you hear me out there
I've been looking for you day and night
Shine a light in the dark
Let me see where you are
'Cause I'm not gonna leave you behind
If I told you that you're not alone
And I show you this is where you belong
Put your hands in the air
One more time
I've seen a million miles
Met a million faces
Took all I knew
To reach all these places
And I'd do it again
If it brings me back to you
So have you ever been caught in a sea of despair?
And your moment of truth
Is the day that you say "I'm not scared"
Put your hands in the air
If you hear me out there
I've been looking for you day and night
Shine a light in the dark
Let me see where you are
'Cause I'm not gonna leave you behind
If I told you that you're not alone
And I show you this is where you belong
Put your hands in the air
One more time
Put your hands in the air
Put your hands in the air
If you hear me out there
I've been looking for you day and night
Shine a light in the dark
Let me see where you are
'Cause I'm not gonna leave you behind
If I told you that you're not alone

And I show you this is where you belong

Put your hands in the air

One more time

Put your hands in the air

One more time
