

# The Shake

## Ursula 1000

Some men are attracted to a pair of big blue eyes  
It takes a pretty face just to make their temperature rise  
Looks aren't that important, just icing on the cake  
What really turns me on is the shakeShake it to the left, shake it to the right  
    Come on baby, you know what I like  
    Shake it real funky, shake it real low  
    Shake it 'til you can't shake it no moreIt's a natural attraction  
    Mother nature wouldn't make a mistake  
What really turns me on is the shakeAnd Eve first said to Adam, "Which outfit do you like?  
    The maple or the fig leaf, now, honey they both look nice"  
    Clothes don't mean that much to me  
    Maybe you better go and ask the snake  
And what really turns me on is the shakeShake it to the left, shake it to the right  
    Come on baby, you know what I like  
    Shake it real funky, shake it real low  
    Shake it 'til you can't shake it no moreIt's a natural attraction  
    Mother nature wouldn't make a mistake  
    What really turns me on is the shake  
    (Shake it)Gary, Indiana, Mobile, Alabama  
    Phoenix, Arizona, Bismarck, North Dakota  
    New York, L.A. Houston, Tampa Bay  
London, Tokyo, everywhere you goShake it to the left, shake it to the right  
    Come on baby, you know what I like  
    Shake it real funky, shake it real low  
    Shake it 'til you can't shake it no moreIt's a natural attraction  
    Mother nature wouldn't make a mistake  
    And what really turns me on is the shake  
What really turns me on is the shakeLet's do the shake  
    Let's do the shake  
    Shake, shake, shake
