Tennessee River Run

Darryl Worley

Worked all week, got it all done
Let's make a Tennessee River run
Hey everybody, I think the time is right
Let's get together down where the catfish bite
Cooped up all winter waitin' on a day like this
It's the way I feel when I'm rockin' on the water
Baby, that I can't resist
Barbecue grill, summertime jam
Just about a mile above the Pickwick dam
Party on the water, whole lotta fun
Time to make a Tennessee River run
I'll get my bass boat, crank up your party barge
We'll drop these anchors out where the big boats are
Break out a cooler, pass out some ice cold beer
Look at all the people out here on the water
Man, I can't believe we're here
Swingin' on a rope, gonna have a ball
Jumpin' off the yellow creek waterfall
Checking out the honeys baking in the sun
God bless a Tennessee River run
Oh, what a weekend, we've had some time to play
I should be leavin', tomorrow's a work week day
I just might call in, tell 'em that I can't get home
Does anybody else want to stay a little longer
Or am I gonna be alone?
Floatin' on a tube, gonna weigh a ton
Cajun sausage on a hot dog bun
Barbecue grill, summertime jam
Just about a mile above the Pickwick dam
Party on the water, whole lot of fun
Gotta have the Tennessee River run
Nothing like a Tennessee River run
I love a Tennessee river run
Whoop up a Tennessee River run
