

Common Denominator

Justin Bieber

Just a fraction of your love fills the air
And I fall in love with you all over again
Ooh, you're the light that feeds the sun in my world
I'd face a thousand years of pain for my girl
Out of all the things in life that I could fear
Uh, the only thing that would hurt me
Is if you weren't here, woah, I don't want to go back
To just being one half of the equation
Do you understand what I'm sayin'? Girl, without you I'm lost
Can't face this compass at heart between me and love
You're the common denominator, oh, oh, ooh, oh
You're the common denominator, oh, yeah, woah
Before your love was low, playing girls was my high.
You change the game that would put my card at the side, aye.
When broken heart rise up to say love is a lie.
You and I would stand to be multiplied, yeah.
Out of all the things in life that I could fear
Uh, the only thing that would hurt me
Is if you weren't here, here, here, yeah.
I don't wanna go back
To just being one half of the equation
Do you understand what I'm sayin'? Girl, without you I'm lost
Can't fix this compass at heart between me and love
You're the common denominator, oh, oh, ooh, oh
You're the common denominator, oh, ohhh, oh, woah
I can't imagine life without your touch
And every kiss that you give, you filled me up
And to all the heart aching
Jealous females hatin', I'ma hold it down for you
For you, woah, oh woah
You're the common denominator, oh, yeah, woah
I don't wanna to go back
Half of the equation, woah, woah, yeah
Common denominator, oh, oh, oh, oh
Common denominator, oh, yeah, woah
Just a fraction of your love fills the air
And I'd fall in love with you all over again, yeah
