

# Quite A feeling

## Sahara Hotnights

Quite a feeling, quite a relief, quite a mess  
Quite a feeling, quite a relief, quite a mess, quite a mess Someone convinced me of jealousy  
It's the best compliment I'll ever get  
So I shouldn't be the sad girl, shouldn't but I said I was  
And who's going to tell, who's going to tell this time? It's a blizzard outside  
Don't you dare stay inside Quite a feeling, quite a relief, quite a mess  
Quite a feeling, quite a relief, quite a mess, quite a mess And what of the light boxing in the back  
Why do I fear the poison I spread out  
There's no need to swing back coasters, the bottle display  
And who's going to fail, who's going to fail this time? It's a blizzard outside  
Don't you dare stay inside Quite a feeling, quite a relief, quite a mess  
Quite a feeling, quite a relief, quite a mess, quite a mess It's a blizzard outside  
Don't you dare stay inside  
It's a blizzard outside  
Don't you dare stay inside Quite a feeling, quite a relief, quite a mess  
Quite a feeling, quite a relief, quite a mess  
Quite a feeling, quite a relief, quite a mess  
Quite a feeling, quite a relief, quite a mess
