Listen

The Dada Weatherman

Listen in the places you hide
Listen through the stillness inside
Yeah, yeah, yeah listen
To the words that are near
And try to hear
Listen take one less step away
Please listen love may persuade you to stay
Yeah, yeah, yeah baby listen
Past the sound of your fear
And try to hear
Two hearts that doubted now beg to believe
Aching in silence each whispers a plea
Secrets of longing kept buried away
Sadly their calling grows weaker each day, yeah
Please listen for hope that's been left behind
Listen to the small traces you find
Yeah, yeah, baby please listen
Before this chance disappears

And try to hear
Listen in the places you hide
Yeah, listen through the stillness inside
Please, please, baby listen
For the love that is near
And try to hear
Listen take one less step away
Yeah, yeah, yeah, listen
Don't run so far off today
Please, please, baby listen
Push aside all your fears
And try to hear
Yeah, listen
Listen, please, baby listen
Yeah, yeah, yeah, baby listen
Past the sound of all fears
And try to hear
