Go, Go, Go (Hi Fi Revival Version)

The O.C. Supertones

Well, I don't wanna see the dance floor vacant
But all my people who are for the movement
Front and center we can smash it up right now
I'm sendin' this one to my generation
Live your life like it's a celebration
Blind the world with a heart that's like a SonWe come in Jesus name
But I know that you can't say that on the radio
We don't want it soft, we don't like it slowSo go go go
Go go go
Go go go
Go go goNever ever be ashamed of your light
You're a star in a time of midnight
And everybody's gonna try to put you out
But they don't understand the way we're livin'
They think we're foolish for what we believe in
And that might bother me if I cared what they thinkWe come in Jesus name
But I know that you can't say that on the radio
We don't want it soft, we don't like it slowSo go go go
Go go go
Go go go
Go go goWe come in Jesus name
But I know that you can't say that on the radio
We don't want it soft, we don't like it slowSo go go go
Go go go
Go go go
Go go goSo go go go
Go go go
Go go go
Go go go
