

# The Art of Parties (single version)

## Japan

Once I was young  
Once I was smart  
Now I'm living on the edge of my nerves  
The things we said weren't quite so tough  
When we were you Well I'm burning,  
I'm burning buildings  
I'm building this time Burn  
For the art of parties  
Burn  
Under heavy weather  
The art of parties  
I'm burning, burning I'm living  
I'm living my life  
I'm living this time Burn  
For the art of parties  
Burn  
I'm burning, burning (The wind blew through my hair)  
Once I was young  
(I'd shelter from the sun)  
Once I was smart  
(We lived on the strength of our nerves)  
When we were you Well I'm building,  
I'm burning buildings  
I'm burning Burn  
For the art of parties  
Burn  
Under heavy weather  
Burn  
For the art of parties  
I'm burning, burning
