The Big Bang

Rock Mafia

I don't wanna lie I'm gonna take what you're giving 'Cause I know you're willing To take me all the way You got me right here Combustible And I can't wait to finally explode The big big bang The reason I'm alive When all the stars collide In this universe inside The big big bang The big big bang, the big big bang Some people like to talk But I'm into doing What I feel like doing When I'm inspired So, if we take a walk down The beach tonight I bet we could light up the sky The big big bang The reason I'm alive When all the stars collide In this universe inside The big big bang The big big bang, the big big bang Take it from me, I don't wanna be Mummified Sometimes I feel so isolated I wanna die And I'll take it from me if you got it Every time So baby, bring your body here Next to mine, next to mine I don't wanna dream I just wanna live it So baby Let's not miss this thing The big big bang

The reason I'm alive
When all the stars collide
In this universe inside
The big big bang
The big big bang, the big big bang
Hit me big, big, big, bang
Whoa, baby
Whoa, baby
Whoa, baby
