Wild Dog

Backyard Babies

Did you get what you were looking for
I think youe out of line
Or did you find what you were hiding for
It can be dreams no moreBad dust and dangerous gals
I gonna find my kisses in the moonlight
Don look for me when it all too much
`Cause I can do everything I want to do
`Cause I like a dog without a bone
I gonna move on like a rollin?stone`Cause I a wild dog
You know what I talkin?about
Wild dog
So bad wild dog
And I coming over you
Like a dog eat dogDid you find what you were looking for
You must be out of your mind
I didn know what you were hiding forBad dust and dangerous gals
I gonna find my kisses in the moonlight
Don look for me when it all too much
`Cause I can do everything I want to do
`Cause I like a dog without a bone
I gonna move on like a rollin?stone`Cause I a wild dog
You know what I talkin?about
Wild dog
So bad wild dog
And I coming over you
Like a dog eat dogShe looks so sweet
She just like a suicide
I wanna taste you now
Come on and do it, do it with meLike a dog without a bone
I gonna fuckin?move on like a rollin?stone
`Cause I like a dog without your bone
She said, dog eat dog eatWild dog
You know what I talkin?about
Wild dog
So bad wild dog
And I coming over youWild dog
Wild dog
Wild dog
