

Staring Into Space

Bbmak

Take this world then all it's become
I wanna get out of this place
We're all livin' under the sun
We're just starin' into space
Give yourself a chance to be free
You gotta give yourself a break
In the end the love you receive
Is equal to the love you take
Close your eyes, do you remember your past?
In the park, the smell of freshly cut grass
I hear a song and that just brings it all back
And it seems like yesterday
Take this world then all it's become
I wanna get out of this place
We're all livin' under the sun
We're just starin' into space
Give yourself a chance to be free
You gotta give yourself a break
In the end the love you receive
Is equal to the love you take
Close your eyes, do you remember that kiss?
The two of us, we just couldn't resist
We became what I thought it was love
But that was yesterday
I don't know what you are
I don't know where you are
I don't know where you are
Take this world, then all it's become
I wanna get out of this place
We're all livin' under the sun
We're just starin' into space
Give yourself a chance to be free
You gotta give yourself a break
In the end the love you receive
Is equal to the love you take
Take this world, then all it's become
I wanna get out of this place
We're all livin' under the sun
We're just starin' into space
Give yourself a chance to be free
You gotta give yourself a break
In the end the love you receive
Is equal to the love you take
