Die Young

Paradise Fears

I hear your heart beat to the beat of the drums
Oh what a shame that you came here with someone
So while you're here in my arms
Let's make the most of the night like we're gonna die youngWe're gonna die youngLet's make the most of the night like we're gonna die youngYoung hearts, out our minds
Runnin like we outta time
Wild childs, lookin' good
Livin hard just like we should
Don't care whose watching when we tearing it up (you know)
That magic that we got nobody can touch (for sure)Looking for some trouble tonight
Take my hand, I'll show you the wild, side
Like it's the last night of our lives
We'll keep dancing till we die
I hear your heart beat to the beat of the drums
Oh what a shame that you came here with someone
So while you're here in my arms,
Let's make the most of the night like we're gonna die youngWe're gonna die young
Let's make the most of the night like we're gonna die young
Let's make the most of the night like we're gonna die youngWelcome to the musical apocalypse,
We'll be going Drake, on some yolo shit,
And if Bieber's still swaggy, they say he's the one,
But if you want a hit you better call up Nate from fun,
Some nights I stay up cashing in my paycheck,
And some nights I wonder if that musical messiah
Will be the one to save us from the wrath and the fire
Of the unoriginality we all seem to champion,
Cause they've been writing hits, he's been writing anthems.
Looking for some trouble tonight
Take my hand i'll show you the wild side
Like it's the last night of our lives
We'll keep dancing till we dieI hear your heart beat to the beat of the drums
Oh what a shame that you came here with someone
So while you're here in my arms,
Let's make the most of the night like we're gonna die youngI hear your heart beat to the beat of the drums
Oh what a shame that you came here with someone
So while you're here in my arms
Let's make the most of the night like we're gonna die youngWe're gonna die young
We're gonna die young
Let's make the most of the night like we're gonna die young
