When A Heart Beats

Nik Kershaw

Half-way to paradise or so it seems that way
Same as anyone the same as any other day.
We seek eternity in all the things we buyNot top priority but it sure figures very high.Who steals the real world fooling us all as it goesAnd who gets to heaven - heaven knows.
When a heart beats you can see foreverWhen our time sleeps you can be forever - be forever.Meanwhile in Cuckoo Land
a most delightful placeWe look no further than the nose in front of our face.
No wood anywhere
we can see only treesLast train for material refugees.When a heart beats you can see foreverWhen our time sleeps you can be forever.
When a heart beats you can see foreverWhen our time sleeps you can be forever - be forever.Don't concern yourself with matters past and futureJust put your mind to where they meet.
But when a heart beats fooling us all as it goesAnd who gets to heaven - heaven knows.When a heart beats you can see foreverWhen our time sleeps you can be forever - be forever -
Be forever - be forever - be forever - be forever -
Heart beats
heart beats - be forever -
Heart beats
heart beats - be forever - be forever.
