This Island

Natives

da-da-da-da-daa-da-da-da-da-da-da-da-daa-da-da
WhoaI'm so full of doubt
That the good news
The good news it never stand outs
Why should it
When I question everythingYou always have to say
The wrong things
The wrong things are heading my way
I can't do this
When you finally make me see
Now my heads been screamingOh-oh-oh-oh
Oh-oh-oh-ohCHORUSWhen you took it all
You left me on this island
I was on my own
I taught my self to live with out you around
When you took it all
You left me on this island
I was on my own
I taught my self to live with out you arounddda-da-da-da-daa-da-da-da-da-da-da-da-daa-da-daIf waiting long enough
For all this
For all this to build itself up
And I'll use it
As a step to help me seeThe better sight
The wrong from right
I can't do this
It was never meant to be
Now my heads been screamingOh-oh-oh-oh
Oh-oh-oh-ohCHORUSWith out you around
With out you aroundI'm gonna set this place of fire
So my futures looking brighter(X2)The memories that I'll forget
Is every day that we first met
Gonna set this place on fireCHORUSWith out you around
With out you around
