Chic Lorraine

The Outfield

(j. spinks)
There's only so much fun I can take
Before I'm ready to break
You make it happen girl - you make it happen girl
And you can take my lovin' outside
Don't you take my love for a ride
You make it happen girl - oh it really happens girl
You know that I'm not ready to wait
I don't wanna be late
Oh chic lorraine - here she comes again
I've been up all night - love don't come no better
Ooh than chic lorraine
There? s only so many rivers I'd cross
My love's already lost - you make it happen girl
Oh you make it happen girl
I? m gonna touch you deeper inside
And that's so hard to describe
You make it happen girl - oh you make it happen girl

Don't keep me standing out in the rain
She can turn me on just the same
Oh chic lorraine - here she comes again
I've been up all night - love don't come no better
Oh chic lorraine - here she comes again
I've been up all night - love don't come no better
Sometimes she? s got a heart of stone
And I don't wanna leave her alone
There? s only so much fun I can take
Before I'm ready to break
You make it happen girl
You make it happen girl
And you can take my lovin' outside
Don't you take my love for a ride
You make it happen
Oh it really happens girl
You know that I'm not ready to wait
I don't wanna be late
(repeat chorus)
