Got It Sewed Up

Mike Jones

Mike Jones
(Yessuh, DJ Paul and Juicy 'J' productions)
Geah, Mike Jones
(Swishahouse, Mike Jones, yeah, Hypnotize Minds)
Purple drank I'ma po' up, got the rap game sewed up
They see my grill and like hold up, invisible set, princess cuts
Purple drank I'ma po' up, got the rap game sewed up
They see my grill and like hold up, invisible set, princess cuts
Hoes peep when I creep up the block
Dope fiends beep me when they need some rocks
Add 20 subtract the top
I'm pimpin' hard in the parkin' lot
Screens fall when I lean in the truck
Candy paint, fo' screens on buck
No game needed to pull a slut
I just open mouth and show princess cuts
I platinum mine at all times
I shine a lot cause I grind for mine
Why hate on me and you far behind
Wastin' time by talkin' down
You can still trash and I'm in my prime
You feelin' bad and I'm feelin' fine
'Cause "Who is Mike Jones?" is here
"Who is Mike Jones?" is here
I get you crunk when I open my mouth
My diamonds shine every time I talk
I spit a verse here straight to the folk
Cause Mike Jones can't take a loss
I get you crunk when I open my mouth
My diamonds shine every time I talk
I spit a verse here straight to the folk
Cause Mike Jones can't take a loss
Purple drank I'ma po' up, got the rap game sewed up
They see my grill and like hold up, invisible set, princess cuts
Purple drank I'ma po' up, got the rap game sewed up
They see my grill and like hold up, invisible set, princess cuts
M.O.B. 'til the day I go
Got a Range Rov' on 80 4's
On the microphone I shine and glow

I scream my name 'til the day I go
I hit the scene, 'llac candy green
Or candy blue when I'm with my crew
I represent, we drink and screw
I represent, we drink and screw
Michael Watts, he choppin' it up
Cocaine, I'm rockin' it up
Yo' gal fine, I'm knockin' her up
Yo' gal fine, I'm knockin' her up
I got a plan, got in demand
Now hit the road and start stackin' grands
I'm runnin' the game with my masterplan
I'm runnin' the game with my masterplan
2 8 1, 3 3 oh, eight zero zero fo'
Here's the number you can hit me on
When you call, ask for Mike Jones
2 8 1, 3 3 oh, eight zero zero fo'
That's the number you can hit me on
When you call, ask for Mike Jones
Purple drank I'ma po' up, got the rap game sewed up
They see my grill and like hold up, invisible set, princess cuts
Purple drank I'ma po' up, got the rap game sewed up
They see my grill and like hold up, invisible set, princess cuts
Purple drank I'ma grip and sip
Anything illegal you know I'll flip
I roll the slab with my pistol grip
Diamonds shine from behind my lip
I hit the club a hundred deep
With a hundred sweets and a hundred freaks
On the mic you can't compete
'Cause Mike Jones is in the streets
I'm grippin' grain, switchin' lanes
Causin' pain in the turnin' lane
In 7 months I'm runnin' the game
Just ask the streets what is my name?
I'm grippin' grain, switchin' lanes
Causin' pain in the turnin' lane
In 7 months I'm runnin' the game
Just ask the streets what is my name?
Purple drank I'ma po' up, got the rap game sewed up
They see my grill and like hold up, invisible set, princess cuts
Purple drank I'ma po' up, got the rap game sewed up
They see my grill and like hold up, invisible set, princess cuts
