

â€œFor We Are Many

All That Remains

Oh yeah!The fire it rages
It burns clear in the night
Illuminates the path before us
Now true our arrows strikeDefy, we heed the call
Defy, strengthen us all
Defy, for we are many
Rising against youDefy, we heed the call
Defy, strengthen us all
Defy, for we are many
Rising to crush youNow the tide is turning
Our might striking fear
Our passion foretells our triumph
Smite those who stand against usDefy, we heed the call
Defy, strengthen us all
Defy, for we are many
Rising against youDefy, we heed the call
Defy, strengthen us all
Defy, for we are many
Rising against youWe are your fast approaching doomNow trembleLet the tyrants fall
Let the sons raise the call
Let the tyrants fall
We are your fast approaching doomThe fire it rages
It burns clear in the night
Illuminates the path before us
Now true our arrows strikeDefy, we heed the call
Defy, strengthen us all
Defy, for we are many
Rising against youDefy, we heed the call
Defy, strengthen us all
Defy, for we are many
Rising against you
