

A Song for Christmas

[Natalie Cole](#)

Christmas. can be a lonely time of year my friend
And when the times get tough
And dont even have enough for a card to send
Well you can always do the best that you can(Chorus)
So I bring you a song for Christmas
May love be with us in our hearts
And may joy and true happiness take partChristmas sometimes I wonder what its all about
And though Ive had my doubts
Maybe that ray of hope can come shining through
And this old world can be a better place for me and you(Chorus)
So I bring you a song for Christmas
May love be with us in our hearts
And may joy and true happiness take part
