## Picture (Kid Rock & Cheryl Crow Tribute)

I could take a picture  
Of you and me together  
No one would believe me  
No one would believe me  
Say it in a whisper  
That baby it don't get much better  
Would I like to see you again?  
You name the day  
And I will pick the city  
We'll fly away  
Til then, call me when you miss me  
If you're asking if I'd really like to see you again  
I say, oh just say when  
Tell me that you feel it  
This you and me together  
No one would believe me  
Even I cannot believe it  
You kiss me like you mean it  
Oh baby, it don't get much better  
Would I like to see you again?  
Darling just say when

You name the day  
And I will pick the city  
We'll fly away  
Til then, call me when you miss me  
If you're asking if I'd really like to see you again  
I say oh?just say when  
Two different worlds  
I thought they'd keep us apart  
I'm ignoring my head  
Follow my heart  
Oh you pick the day  
And I will pick the city  
We'll fly away  
Till then, call me when you miss me  
I am willing to wait  
Cause I just gotta see you again  
Don't ask, no. just say when

Just say when  
I could take a picture  
Of you and me together  
No one would believe me  
No one would believe me.
