

Don't You Evah (Matthew Dear Mix)

Spoon

Bet you got it all planned right
Bet you never worry, never even feel a fright
Bet you got it all planned right
Never fit to worry, never even feel a frightSingle sleeps alone
And I know you don't really mind
Five years by your side
So I know you really don't mindBut don't you love her, deep down, I said, don't ever
Because it's gonna keep him hanging around
Never, deep down, I said, don't ever
Because it's gonna keep him hanging aroundDon't you never think it's right
Bet you think you had to but it doesn't feel right
Bet you never think it feels right
Famous sounding words make your head feel lightPetals getting picked
With the love yous and the love you nots
Five years going by
Everyone is standing on their sideBut don't you love her, deep down, I said, don't ever
Because you're gonna keep him hanging around
Never, deep down, I said, don't ever
Because it's gonna keep him hanging aroundBut don't you love her, deep down, I said, don't ever
Because it's gonna keep him hanging around(Five years going by)
Deep down, I said, don't ever
(Everyone is standing on their side)
Because it's gonna keep him hanging around(Five years going by)
Deep down, I said, don't ever
(Everyone is standing on their side)
Because it's gonna keep him hanging around(Five years going by)
Deep down, I said, don't ever
(Everyone is standing on their side)
Because it's gonna keep him hanging around
