The Kinison

I just can't believe this
I just can't believe this
I just can't believe this
I just can't believe thisI just can't believe this
I just can't believe this
I just can't believe this
I can't believe you, you, youIt's all our fault
I'm whining, kicking, screaming
It's all our fault
I whine and kick and blaming you
You, you, youOh, is it all up to us
Or are the carpets white?
Oh, is it all up to us
Or is the damage done?Yeah, yeah, yeah, yeahIt's all our fault
I'm whining, kicking, screaming
It's all our fault
I whine and kick and blaming youOh, is it all up to us
Or are the carpets white?
Oh, is it all up to us
Or is the damage done?Oh, is it all up to us
Or are the carpets white?
Oh, is it all up to us
Or is the damage done?It's okay living without you
It's okay, these seeds will be plantedIt's okay, it's okay, it's okay, it's okay
It's okay, it's okay, it's okay, it's okay
It's okay, it's okay, it's okay, it's okay
