

Kiss Is Spittin'

Jadakiss

Uh, uh, uh uh uh

Uh, uh, uh uh uh

Uh, uh, uh uh uh

Uh, uh, uh uh uh

Uh, uh, uh uh uh

Uh, uh, uh uh uh

Yo, yo, yo, yo Hey yo I got land cars and jewelry and artillery

And I got every hood feelin' me

It's nuttin' like when a thug get at you and spit thug literature

Your fan base wanna get rid of you

Still in the hood doin' it

I don't know why I'm doin this, we don't even move a lot of units

But ain't no threats, don't stress me dog

You gotta let me hear somethin' to impress me dog When I spit I put rappers in line, then smack them around

I got 'em all home practicin' now

You know 'kiss be, icy hard and crispy

The truck's manual but the coupe is 6 B

Listen I ain't never spit nonsense

I'm from the street with a mean vocabulary contents

Whoever you send I'll send back

You all all been wack, 'kiss is makin' a strong impact, c'mon (When 'kiss, is spittin')

They don't love you no more

(When 'kiss, is spittin')

Things will never be the same again

(When 'kiss, is spittin')

Why they hatin on you?

It's just like that, ha!

(When 'kiss, is spittin') Uh, uh, yo, yo

Sinnin' or not, I'm grinnin' a lot, spendin' a knot

Dirty denim and a cinnamon fox

Bitches'll follow, gangsters'll ride, gentlemen watch

Buy the bar, leave drunk, shoot up the block

You might hear 'kiss spittin', but after the show

You might hear clips spittin', we after your glow

Things'll never be the same again

When your frame get bent, link get worn, change get spent Confiscate your whip, you think you a player?

I could confiscate your bitch, take her and slay her

If a nigga nicer than me, then Christ is here

You got somethin' in the bank? Then the dice is here

I could show you how to gamble your money, handle a gun
 But be a family man and go home to your son
 Light a candle where you stand, 'cause that's where you died
 And if you heard 'kiss spittin', then you know it was won, uh(When 'kiss, is spittin')
 They don't love you no more
 (When 'kiss, is spittin')
 Things will never be the same again
 (When 'kiss, is spittin')
 Why they hatin on you?
 It's just like that, ha!
 (When 'kiss, is spittin')Yo, yo
 Hey yo the voice got a lot of people heated, peep it
 The flow is like methadone, lot of people need it
 Seen it all happen before
 Feel like I'm still hustlin' 'cause the way I'm rappin is raw
 You could put your jewels on it
 You might just see me in the lightning pick-up with the 22's on it
 The stakes'll cost you, understand one thing
 I do great field work plus I'm a boss tooLoyalty is hard to come by
 You all know who the streets is run by, could only be one guy
 And that be who but 'kiss, no security
 The burner and some niggaz that I grew up with
 And the brand new 911, fuck a dime
 With a fine eleven at stop signs I'm revvin'
 And the flow is just so obnoxious
 As far as the double R camp go, dawg I got this, c'mon now(When 'kiss, is spittin')
 They don't love you no more
 (When 'kiss, is spittin')
 Things will never be the same again
 (When 'kiss, is spittin')
 Why they hatin' on you?
 (When 'kiss, is spittin')(When 'kiss, is spittin')
 They don't love you no more
 (When 'kiss, is spittin')
 Things will never be the same again
 (When 'kiss, is spittin')
 Why they hatin' on you?
 (When 'kiss, is spittin')
