Bamboo

KimiÃ© Miner

Bamboooo

Oh yeah

Thought love was easy
And I kept believin'
In that old fantasy
That fairytale dream
Real life has shown us
It's a rollercoaster and,oh
We had to learn
where to take our turn

Oh love it's true
The storm will come
But we'll make it through
We'll grow together and set our roots
And we'll be stronger than
Bam Bam boooo
If I got you
There's no containing what we can do
We'll see the world from a birds eye view
We'll be taller than
Bam bam boooo

Bamboo

Oh ain't it crazy
How we found our own way
And we stayed evergreen
A shade of you and me
Side by side
We lean to the light and we
Bend with the breeze
We set each other free

Oh love its true
The storm will come
but we'll through
We'll grow together and set our roots

And we'll be stronger than
Bam bam boooo
If I've got you
There's no containing what we can do
We'll see the world from a birds eye view
We'll be taller than
Bam bam boooo

We know how to survive
(On our own)
Letting go
Love's alive
(We wont)
We won't break
Cause we're stronger together
Side by side
(We'll be taller)

Oh, love it's true
The storms will come
but we'll make it through
We'll grow together and set our roots
We'll be stronger than
Bam bam boooo
If I've got you
We'll see the world from a birds eye view
Yah We'll be taller than
And we'll be stronger than yah

Ooooh ooh
Ooooh ooh
Ooooh ooh

We'll be taller than
Bam bam boooo

Ooooh ooh ooh
Ooooh ooh
Ooooh ooh
