

# In My Dreams

## JEFF the Brotherhood

[Female verse]

Piece of sugarcane in my jacket pocket

I can see his face if I think about it  
there's a pentagram in the center of it  
in my dreamsThere's a circle there with a stone beside it  
I can't get away, I can't get away[Male verse]

Going out of body, Slippin through the circle,

in this fire, in my dreamsFeel the flames around me, knowing I would suffer for my sin  
in my dreamsI can't get away, I can't get away[Chorus]

There is a force that's taking me (I know, I know, I feel it too)  
it happens almost every day (I know, I know, I hope it stays)

I feel the magic in my ears (I'm going to see him again)In my dreams [Solo [Male & Female verses on-top of  
eachother] [Chorus]
