

# Pretend to Sleep

## Money Mark

Talk to me  
Did I see your eyes start to open?  
Stay complete  
I know that you hear what I've spokenPretend to sleep  
It's your only guarantee, ooh  
Pretend to sleep  
It's your security, no one can wake youDon't fake tonight  
There's a touch that you always should  
Hold on tight  
Sorry if the words are missingPretend to sleep  
It's your only guarantee, ooh  
Pretend to sleep  
It's your security, no one can wake you
