

Samsara 2015

Martin Tungevaag

Times running up, tick tock
and I am set on minely a thread of life
Do you belive in karma?
Let's live it up like samsaraSomeone might tell you life is deadly
but with us it's just one of many
Come on let us set the tone
follow the rave lets get it onTake me home to samsara samsara
Lose control like samsara samsara
Come join us we'll make it
Come join us we'll take itTake me home to samsara samsara
ohhh
Come to samsara samsara
ohhh
Come to samsara samsara
Samsara(Beat)Don't waste your time, tick tock
spend eternity on these wheels of life
Take a trip to nirvana
Let's live it up like samsaraSomeone might tell you life is deadly
but with it is us it's just one of many
Come one let us set the tone
follow the rave, let's get it onTake me home to samsara samsara
Lose control like samsara samsara
Come join us we'll make it
Come join us we'll take it
Take me home to samsara samsara
Samsara(Beat)
