

# The Healing Hand

## Theocracy

[I. The Gift]Gloria gloria

underneath a burning star

seeking their salvation

see them searching for the One

who's come to heal their nation

prophecy incarnate

holiness in flesh arrived

the star has shown the path to life and hope is now

alive

FOR UNTO EARTH IS BORN THE HOLY HAND[II. Restoration]

See the multitudes surround this man of miracles

the key to life they've found, He is the Son of God

Hear the suffering people cry for healing from this man

as they reach out to touch a supernatural hand

"take my scars, heal my wounds, give new life to me"

the cry cleanse my stains, kill disease, Master, make this sickness die

Endless power, fueled by faith, restoration in one touch

Miracle, supernaturally disease is crushed

THE HOLY HAND BECOMES THE HEALING HAND[III. Adulation]Faith is Freedom, freedom faith

[repeat]

hear the people joined in praise to Christ

incarnate holy one

worthy is the lamb they say

messiah prophesied has come

honored for eternity, forever shall we give Him praise

never will our hearts turn cold,

we never shall betray

[IV. Betrayal]Hearts Once Soft have turned to stone

left their king to die alone

lips that once had echoed praise

now mock the holy gift of grace

prophecy fulfilled in death

complete redemption with final breath

Israel lifting up her king

not in praise, but sufferingsee the hand that drives the nail

through the hand that never failed

hear the laughter, see the games

the mock salvation unashamed

see the ones He came to justify

coldly stand and watch him die  
rejected by his chosen land  
The healing hand becomes the bleeding hand[V. Eternity]His kingdom forever, the Lion of Judah in strength  
everlasting redemption, atonement complete  
resurrected in power, as King now he stands  
FOR THE BLEEDING HAND HAS BECOME THE RULING HANDFaith-born forever, a part of His  
kingdom become  
Or reject him, stand back  
and watch his kingdom come  
Alpha and omega almighty is he  
Christ reigns victorious for eternity  
Eternity
