Scarlet Inside

Clannad

Slowly, I look around
An angry sight for every sound
We stood with troubles all around
She's trampled on the groundFeel the sadness inside
I'm scarlet insideI realize, far too late
As her life dissipates
No truth, no reasons why
Just the fear, and the hatredFeel the sadness inside
I'm scarlet insideThis life is such a lie
Now I don't even try
Never (I can't think why)
I never saw eye to eyeFeel the sadness inside
I'm scarlet inside
