Lions and Tigers

Asobi Seksu

Send the kids to the garden
The cypresses burdened down
To make a perfect pair
Spread on a blanket
The angels wasting their tears
When your wet face turns to cheerTiny little voices
Won't take nothing from no one
Tiny little fingers
Won't pull nothing from nowhere
The children are begging
The smiling rain clouds
To please reflect my tears
Leaves fall from nowhere
I won't beg your pardon
I won't be there when you laughTiny little voices
Won't take nothing from no one
Tiny little fingers
Won't pull nothing from nowhere
And find a way to set them straight
These kids are all begging to trade
Their ghosts away
And let them fade and let themAll of their open smiles
Just sit and wait
To sing a brutal song
