A million ways to (Ooh) please a woman A million ways to please a woman

And when she's down, she needs a hug

That's the time to show her love

Or maybe just a foot rub A million ways to please a woman

Don't talk a lot, listen instead

You wanna know, get in her head

'Cause makin' love just ain't in the bed, somebody say Give her candy hearts and Hallmark cards

If that's what she likes

If you didn't know before

Then let this be your lesson of life (Million ways) A million ways to please a woman (Hear me now)

A million ways to (Oh) please a woman (Million ways)

A million ways to (Oh) please a woman (Million ways to

Please)

A million ways to (Ooh, oh, oh,) please a woman A million ways to please a woman

You got to be her best friend

Let her now she can depend

Be her rock until the end A million ways to please a woman

When she's in heat, she needs a freak

Represent, put her to sleep

Be a man, don't be weak

That's how you got to please a woman Give her candy hearts and Hallmark cards (Mm, mm)

If that's what she likes (If that what she likes)
