

# Love Me Do

Sky Saxon

Honey, don't you know I love you?  
'Cause I give you all I can, I do  
Everything I've tried to help you  
Love me too Give a little of what you take from me, honey  
That's all you have to do  
Won't you come on over here and love me?  
Love me do Love, love, love me  
Love me do  
Love, love, love me  
Love me do, yeah Honey, don't you think I need ya?  
Indeed I do  
Won't you come on over here and love me  
Love me too Give a little of what you take from me, honey  
That's all you have to do  
Won't you come on over here and love me?  
Love me do Love, love, love me  
Love me do, oh yeah  
Love, love, love me  
Love me do, oh yeah Honey, don't you think I love ya?  
'Cause I give you all I can, I do  
I tried everything I could to help you  
Love me too Ooh, now, love, love, love me  
Love me do  
Well, love, love, love me  
Love me do Love, love, love me  
Love me do  
Love, love, love me  
Love me do, oh yes Come on, love, love, love me  
Love me do, won't you, lover?  
Well, love, love, love me  
Love me do  
Oh yeah, oh yeah, oh yeah
