

L.A. In the Sunshine

Little River Band

L.A. in the sunshine
Or it's Denver and we're snow blind
All the palm trees on the skyline
It's a good day, it's a good time
Getting into all that I have seen
Getting off on everywhere I've been
What a shame down on the jet street
That we fell for the old country
Not impressed, man, we got ripped off
When we need next, they'll see the next star
I don't know how, I've made it this far
It seems like years, I've lost track of time
What can I say, when you smile
And say "Can we make it?
Or you'll fake it
What you say now, can we make it?"
Getting into all that I have seen
Getting off on everywhere I've been
Now I'm playin' ping pong, on a pub flight
Drinkin' champagne 'til after midnight
Oh, we flew high on a sweet dream
Happy landings, baby, where have you been?
I've been getting into all that I have seen
Getting off on everywhere I've been
Back to L.A. in the sunshine
After Denver when we got snow blind
All the palm trees on the skyline
She said, "Have a good day
Make sure you'll have a good time"
