Rip U

Lunachicks

I'm a psychotic, neurotic
a regular Frankenstein
I got worms in my head
and there eating up my mind
I'm a diagnosed paranoid schizophrenic
psychopathic mongoloid
with every breath I steal life
descend into the void
strychnine inmy brain
running in circles
but you cant try to tame mechoruscan't you see it's all connected?
can't you see its all connected?
you know I have to be respected
I'll see you in your nightmares
ultramachine eyes; your fears
I'm Jack The Ripper, Clarence Thomas
in disguise, revised
i got supersonic ears and big brother eyes
surprise! look in the mirror
'cause I posses the best in youchorus
