## Weld

Today, moving downwards  
Through my finger, fades tomorrow  
But wait for me 'cause lines are forming  
And words get clearer now  
I'll borrow them from you  
'Cause it's all I can do, yeah, yeah  
Today, they shine like Jesus  
And light of millions face our sorrows  
But wait the lines are forming  
And words get clearer now  
I'll borrow them from you  
'Cause it's all I can do  
Cracked, charred, charred  
You can't communicate  
Dumb, dumb, dumb  
Dumb, dumb, dumb  
Cracked, charred, charred  
You can't communicate  
Dumb, dumb, dumb  
Dumb, dumb, dumb  
Stop mumbling  
Wasted art, wasted art
