Ritual (Rerecorded)

L.A. Guns

Make a wish in a water fly
Trust your heart I will make you cry
I only hope that it'll last forever
I know that it's now or never
Hey yeah, don't you know me
Hey yeah, why don't you show me
Hey yeah, where I'm going in
Spend a night by the candle fire
I don't bid you and I know it's bad
No word and I send relation
No word and I want to forget you
Hey yeah, don't you know me
Hey yeah, why don't you show me
Hey yeah, here I go again
I can't see buy I know that you are running
You were lost inside my dream
I can't touch you but I know that you believe
You were lost inside, lost inside my dream
Lost within my dream, yeah
Make a wish in a water fly
Trust your heart I will make you cry
I only hope that it'll last forever
I know that it's now or never
Hey yeah, don't you know me
Hey yeah, why don't you show me
Hey yeah, where I go again
I can't see but I know that you are running
You were lost inside my dream
I can't touch you but I know that you believe
You were lost inside, lost inside my
I can't feel ya but I know that you are running
You were lost inside my dream
I can't touch you but I know that you believe
You were lost inside, lost inside my dream
Lost inside my dream, lost inside my dream
Lost inside my dream
