

Only a Woman Knows

Billy Dean

A lover's first touch and dreams of that night
She'll keep in her heart for the rest of her life
Men tend to forget those little things
We're not as sentimental as we ought to be
There's so much that we don't see
Only a woman understands
The shine in the diamond on her hand
And it's a mystery to every man
How easy tears can flow
And what's so special about a rose
Only a woman knows
Those three little words men find hard to say
Mean so much to her, have you told her today
Love's not a game, but there is a rule
Nothing's for granted and nothin's assumed
But most men don't have a clue
Only a woman understands
The shine in the diamond on her hand
And it's a mystery to every man
How easy tears can flow
And what's so special about a rose
Only a woman knows
