Compromise

Living Syndication

Why don't you come to me?
Why don't you realize?
My heart is breaking up
My heart is breaking up
Where are you coming from?
Why don't you compromise?
I don't believe in that
I don't believe in that
I could just let you fall
I could just watch you drown
Why would you want to pull away?
Why would you want to lose that joy?
I don't believe in that
I don't believe in that
Know where your life was before
Know that this emptiness won't cease
I don't believe in that
I don't believe in that
I could just let you fall
I could just watch you drown
And I know you will see what he has done
And I know you'll see what you have done
Its hard to see the path to take
But you know the truth
Why don't you open up your eyes?
Take it to look inside your heart
Mine hurts because you walked away
Why don't you open up your eyes?
Take it to look inside your heart
Mind hurts because you walked away
