Mogadishu

Baader Meinhof

I had to cut a deal
With some pop stars in the night
I'm down as an extremist
- he's a parasite
Drive me to the city limits - God is war
And love
Your lucky star fell out the sky
- the mother ships above
Captain Martyr Mahmoud says
It's a 24 hour flight
When the fireworks hit you
Mogadishu
On a beautiful Saturday night
Your captain is a cypher
An informant from Dubai
Each traitor gets 4 cigarettes
And makes his will to die
Christ was an extremist
With Kamikaze soul
Happy Birthday Anna
Your 29 years old
And I've got to find a superstar
And I've got to find the girls
To take me to the city limits
To the mother ship below
