Separator

Noah Gundersen

Don't you wish you could go back?
When your heart sang like a burning branch
When your songs sang themselves from the bottom of a well
Yellow eyes starward bound
Sickness was a reason to fuck around
Every shape turned blue
All of this for youOur irises contract
Hips swing quickly back
We're pushing it for the same reason it's pushing us back
Understand me, I wish nothing but the best for everyone
Gold dust rivers run
Deputize the sun
The great Separator comes for me
And did you ever get lonely?
Did you run like dogs in the afternoon
Did you howl down the moon
Hide it in your room?
My hands are filthy
I got ribs to spare from the garden
Please forgive me if I act a little strangeOur irises contract
Hips swing quickly back
We're pushing it for the same reason it's pushing us back
Understand me, I wish nothing but the best for everyone
Gold dust rivers run
Deputize the sun
The great Separator comes for me
Our irises contract
Hips swing quickly back
We're pushing it for the same reason it's pushing us back
Understand me, I wish nothing but the best for everyone
Gold dust rivers run
Deputize the sun
The great Separator comes
For me
