Take It Out On Me

Chairlift

You're here

Early but here (?)

On a morning so clear and blue

Is fate up for debate?

And does my love only count if its proved? Forget forgiveness, forget all the rules

Just please don't do it here

Bring on the fire 'cause business is cruel

And Sophie's got somewhere to beI'm not afraid

So take me outside

I know what you're here to do

Shotgun got familiar sleeves (?)

Undercover but nobody's fooled, no

Got no time, no time for goodbyes

Oh god, just let my love surviveForget forgiveness, forget all the rules

Just please don't do it here

Bring on the fire 'cause business is cruel

And Sophie's got somewhere to be

Take it out on me

Take it out on meForget forgiveness, forget all the rules

Just please don't do it here

Bring on the fire 'cause business is cruel

Just please don't do it here

Take it out on me

Take it out on meBring on the fire 'cause business is cruel

And Sophie's got somewhere to be

Take it out on me

Take it out on me
