

Doctor Girl

Ben Hammond

dating (hiding) a doctor girl, and it feels so good, to know
whenever i'm hurting whenever i'm broken that baby you'll come back and fix me
dating (hiding) a doctor girl, baby don't you know it feels so good, feels good to me something that was sweet
might now turn sour
if you let it wait too long
something that was bitter and forgotten,
might be what you were looking for all along baby you make me feel, so much better than brand new, and you,
you know whenever you want me whenever you need me that baby you can come and catch me
baby you give me chills, like an old song on the radio
something i haven't heard for years (dating) hiding a doctor girl
