

Ugh

Young Dro

Hey I'm supplying all the buyers (I can dig that)
My Chevy sit higher (I can dig that)
Thirty-inch tires (I can dig that)
I'm popping off fire (I can dig that)
Say he friends but he's a liar (I can dig that)
See a bitch and I can buy her (I can dig that)
Supplying all the buyers (I can dig that)
You know I sit higher (I can dig that) Chevy sit high, nigga did that
Break a bitch off like a Kit Kat
Gucci with the Louie nigga, mix match
Forty round, forty nigga get back
Whole bunch of crack nigga flip that
Dro gotta sack, did ya get that?
Bet your whole week get flipped back
Big dog hanging with the big cat
And right street nigga flow six stack
Get you knocked off for some knickknacks
Fuck nigga yelling where your bitch at?
Six niggas knocked off six stacks
Bankhead nigga where the bricks at?
Red dog coming where the bricks at?
Break down down where the knicks at
Snoop dog smoking on a zig zag
Two hundred on the dash nigga, did that
Four-five slug where your wig at
Oink Oink, nigga where the pigs at?
Pony tail niggas speak pig latin
Grind it out til you get a big sack
And your chick want dick at
Ferragamo (?)
.44 quiet say click clack Hey I'm supplying all the buyers (I can dig that)
My Chevy sit higher (I can dig that)
Thirty-inch Tires (I can dig that)
I'm popping off fire (I can dig that)
Say he friends but he's a liar (I can dig that)
See a bitch and I can buy her (I can dig that)
Supplying all the buyers (I can dig that)
You know I sit higher (I can dig that) This three-door whip no four-door
Hopping out the bitch with a .44

Shoot him in the face where your nose go?
With me your bitch going where you ho go?
With a chocolate thick bitch named Coco
Cabbing it home boo and bobo
We don't go to sleep bitch we take no doze
Thirty deep riding from the popo
In a Benz with a forty in the console
Riding round thinking about poncho
Break it down bitch we got honcho
Stiring up shit like gumbo
Knock a nigga ass out one blow
Blow a nigga ass out the front door
Kill a nigga act kill one more
I'm a real killer, what I gotta front for?
Ill put a nigga ass in the trunk tho
Keep a nigga ass for a month tho
Ill smoke a nigga ass like a blunt tho
My bitch Indian no Tonto
Could of sworn things thrown where your face at
You a dope dealer? Nigga where your case at?
I take food where you say grace at
I'm a bad boy nigga where the Ma\$e at?
