

You And Your Parrot

The Muffs

You and your parrot
Walk around like you're demigods
You and your parrot
When you're together I'm all alone
I am all alone
(Yeah)Forget about it
You get together and laugh at me
Forget about it
Gossiping on the telephone
I am all aloneWill anybody take a chance for me today?
We'll throw them in a well and
Laugh and watch them float awayWill anybody take a chance for me today?
We'll throw them in the ocean
Laugh and watch them float awayYou and your parrot
Walk around like you're demigods
You and your parrot
When you're together I'm all alone
I am all alone
(Yeah)Now I'm gonna be all alone
Now I'm gonna be all alone
I am all alone
