

We Supposed To Be

Mario Vazquez

Yeah, yeah, yeah

[Incomprehensible]

Yeah, we're supposed to be What if I didn't wake up around 9?

And what if I didn't make it to work on time?

And what if Craig and them didn't need a ride?

Then I wouldn't have found out what's going on tonight What if you didn't catch a man on 3?

You'd probably be here with them instead of me

So let's take advantage of what is right in front of us

Girl, it's clear to me that you know We supposed to be, don't think it just happened

We supposed to be, girl, what we got is cracking

And we supposed to do a bunch of sneaking

Hanging on the weekend, we supposed to be, yeah Write your name down on this paper

Promise that a player gonna hit you later

Girl, you know we be on the phone with each other

Keeping it from your mother, we supposed to be What if my momma worked the grave yard shift?

And what if I had to stay home and baby sit?

What if I didn't get up the nerve to ask your name?

I don't think this night would end the same But here we are alone and everyone else is here is gone

And everything that's happened can't be wrong, never saw

Girl, it's crazy how we found each other baby

And now it's clear that we We supposed to be, don't think it just happened

We supposed to be, girl, what we got is cracking

And we supposed to do a bunch of sneaking

Hanging on the weekend, we supposed to be Yeah, write your name down on this paper

Promise that a player gonna hit you later

Girl, you know we be on the phone with each other

Keeping it from your mother, we supposed to be We supposed to be, this ain't just no coincidence, no

Me and you being here ain't no incident

Baby, can't you see what this gotta be, baby

You and me and baby we supposed to be We supposed to be don't think it just happened

We supposed to be girl, what we got is cracking

We supposed to do a bunch of sneaking

Hanging on the weekend, we supposed to be Write your name down on this paper

Promise that a player gonna hit you later

Girl, you know we'll be on the phone with each other

Keeping it from your mother, we supposed to be Girl, we supposed to be, you like everything to me

You got everything I want, I got everything you need

Girl, you supposed to be my girl, baby

Girl, you supposed to be my world, baby Girl, we supposed to be, you like everything to me

You got everything I want
I got everything you need
Girl, you supposed to be my girl, baby
Girl, you supposed to be my girl, baby
